Our basic cardboard coffins come in three different appearances, all supplied with natural rope handles the construction of the coffin can carry up to 23 stone in weight. All our cardboard coffins are 100% biodegradable, as no plastic is used in their creation.

The CARDBOARD MANILA

by Eco Coffins

This manila cardboard coffin is a traditional shaped coffin offers a very simple and pure design made of at least 70% recycled paper and wood pulp sourced from reputable sustainable forests. Our basic cardboard coffins come in three different appearances, all supplied with natural rope handles the construction of the coffin can carry up to 23 stone in weight. All our cardboard coffins are 100% biodegradable, as no plastic is used in their creation.

The ECO BAMBOO

by Eco Coffins

A beautifully crafted bamboo coffin woven from sustainable split bamboo, manufactured by our Fair Trade company in China. Features a fitted Calico liner and sheet, rope and bamboo handles and bamboo toggle lid fasteners. Available in both, Traditional and Curved End shapes.

The BAMBOO Lattice

by Eco Coffins

The Bamboo Lattice coffin is constructed of two different layers of woven bamboo to give it a distinctive pattern. A criss-cross pattern of stripped bamboo bark covers an intricately woven layer of soft bamboo creating a striking contrast. Features a fitted Calico liner and sheet, rope and bamboo handles and bamboo toggle lid fasteners. Available in both, Traditional and Curved End shapes.

The BAMBOO WOVEN

by Naturally Woven

These Bamboo Coffins are meticulously handmade using fine strips of dried bamboo. The bamboo weave is interlaced to form an attractive wicker matt that is then woven around a strong natural frame. Bamboo is one of the fastest-growing plants on Earth and has been known to grow to one meter within a day. The coffins are available in two differing shapes, curved end (rounded) and traditional shape (square) each tapering from end to end. Both styles come in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

The CANE

by Naturally Woven

Handcrafted using woven cane, sometimes referred to as wicker or rattan, holding an off-white appearance and are skillfully finished by hand using traditional basket making techniques. The rattan used for our coffins is harvested from the forests of South East Asia where rattan clings and grows up the existing forest trees like a vine. Rattan has been known to grow as much as six metres in a year making it a great renewable material. The coffins are available in two differing shapes, curved end (rounded) and traditional shape (square) each tapering from end to end. Both styles come in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

The SEAGRASS

by Naturally Woven

Our Seagrass Coffins are a beautiful compliment, rustic and natural with subtle green and blue tones. They are woven by hand using yarns of twisted seagrass and finished with cane, top and bottom. The seagrass material used for our coffins is grown in coastal paddy fields and flooded with seawater throughout the year. The fields are carefully managed to promote a continued cycle of growth and renewability. The coffins are available in two differing shapes, curved end (rounded) and traditional shape (square) each tapering from end to end. Both styles come in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

The COCOSTICK by Naturally Woven

The Cocostick coffin is made from the stem of the coconut palm leaf, which is a fast-growing by-product of the coconut tree. The coconut palm leaves are dried out, stems removed, leaving tiny sticks. These sticks are then strung together to create our Cocostick coffin's cultural and desirable colour combination. The coffin is available in the traditional shape (square) tapering from end to end and available in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

The PANDANUS

by Eco Coffins

Our Pandanus coffins are made from the leaves of the Pandanus plant, The leaves are dried and then spun into long yarns which are then woven around a natural cane framework. Rattan is also woven into the coffins design to create a striking lightweight contrast against the Pandanus' silvery appearance. Features a fitted Calico liner and sheet, woven Pandanus handles and toggle lid fasteners. Available in both, Traditional and Curved End shapes.

The WICKER

by Naturally Woven

Rustic bands of natural rattan are woven together to create this beautiful wicker coffin. The dark brown colour of this coffin perfectly complements the lightly coloured rope handles and will suit any style of flowers that the coffin happens to be adorned with. Each coffin is made by hand using traditional weaving techniques. The rattan used for our Wicker coffins is harvested from the forests of South East Asia where rattan clings and grows up the existing forest trees like a vine. Rattan has been known to grow as much as six metres in a year making it a great renewable material. The coffins are available in two differing shapes, curved end (rounded) and traditional shape (square) each tapering from end to end. Both styles come in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

The SURREY

This solid Oak coffin offers butt jointed ends in a clean lined and traditional design complemented by traditional Brass handles and fittings.

The HAMPSHIRE

This solid Oak coffin offers butt jointed ends a raised lid, paneled sides and additional mouldings, which is complemented by traditional Brass handles and fittings.

The LOXWOOD

This solid Mahogany coffin has butt jointed ends and offers a raised lid in a clean traditional design complemented by traditional Brass handles and fittings.

The BANANA

by Eco Coffins

Our banana coffins are made from banana cord woven around a natural cane framework. Banana cord is made using the dried woven leaves of the banana, an annual plant, after the tree has produced its fruit and died back each year. Rattan is also woven into the coffins design to create a striking contrast with the banana cords burnt golden appearance. Features a fitted calico liner and sheet, woven Banana cord handles and toggle lid fasteners. Available in both Traditional and Curved end shapes.

The BANANA CASKET

by Eco Coffins

Our Banana Caskets feature a combination of coiled banana leaf, pandanus and coloured rattan, woven around a sturdy cane framework, to create their unique and stunning look. The rattan work on each coffin is dyed to further enhance their individuality, with either Cerise or Ebony colours available. The banana casket is a traditional casket shape with a curved lid, sturdy cane pole handles on both sides, with a fitted calico liner and sheet and features toggle lid fasteners.

The BANANA LEAF

by Naturally Woven

Attractive yarns of golden leaf from the banana plant are twisted and woven into two dexterous shapes to form this soft and comforting range. Being the by-product of banana farming, the leaf of the banana plant is in plentiful supply and is readily available for weaving. The leaves would otherwise be disposed of making this natural cycle renewable and good for the local environment. The coffins are available in two differing shapes, curved end (rounded) and traditional shape (square) each tapering from end to end. Both styles come in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

The HIGHSTED Willow

by Eco Coffins

The Highsted is a traditionally shaped coffin handcrafted from willow using traditional methods. The willow is woven onto a self-supporting frame giving them exceptional strength while remaining incredibly light. Features a fitted calico liner and sheet, woven willow handles and toggle lid fasteners. Available in either Natural Buff coloured or Light Willow.

The CROMER Willow

by Eco Coffins

The Cromer is a round ended coffin with gently tapering sides handcrafted from willow using traditional methods. Features a fitted calico liner and sheet, woven willow handles and toggle lid fasteners. Available in either Natural Buff coloured or Light Willow.

The WILLOW

by Naturally Woven

Our Willow Coffins have a slightly pink and golden look, they are hand-worked by traditional basket weavers using age-old methods that have changed very little in over 2000 years. Willow is by far the ultimate in environmental recycling, willow is grown in rows of bushes and once harvested can generate back to the same height within a year. Willow has been known to grow up to 3 metres tall annually and has the ability to degrade much more quickly than conventional hardwood. The coffins are available in two differing shapes, curved end (rounded) and traditional shape (square) each tapering from end to end. Both styles come in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

The LOOM

by Naturally Woven

Our Loom coffins are made from natural paper which has been spun into long yarns and woven around a substantial cane frame. The Loom coffins are light brown in appearance with cream coloured cane implemented into the design and fastened closed with plaited loops and toggles. The coffin is available in the curved end shape (rounded) tapering from end to end and available in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

The COLOURS by Naturally Woven

Our Colours Range features a choice of hand-painted options to provide a truly personal tribute. select from our traditional shape (square ends) or curved shape (rounded ends) and select one colour for the coffin from 17 painted finishes. The coffins are available in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers. Coffins from our unique colours range can be delivered within 72 hours despite being completely bespoke.

 White

The PINE Casket

by Eco Coffins

Our Pine caskets follow similar construction, the main body of the casket is a pine framework held together with dowels and clad in either bamboo, in the case of the Pine casket. The Pine caskets are a traditional casket shape with a curved lid, sturdy pine handles on both sides, comes with a fitted calico liner and sheet and features close fitting lids.

ENGLISH WILLOW
by Eco Coffins

ENGLISH WILLOW RAINBOW
by Eco Coffins

The SOMERSET WILLOW
by Somerset Willow

The SOMERSET COLOURS
by Somerset Willow

The SOMERSET RAINBOW
by Somerset Willow

The LAST SUPPER

This solid Mahogany coffin has a double raised lid, panned sides, mouldings depicting Christ's Last Supper and is complemented by traditional Brass handles and fittings.

The ENGLISH Willow

by Eco Coffins

Our English willow coffins are handcrafted by skilled workers with long family histories in willow weaving, using traditional methods. English Willow has been grown on the Somerset Levels for centuries and has the unique ability to regenerate repeatedly from the same crown for 30 to 40 years and once harvested can grow back to the same height in a year. Our English Willow coffins are available in either Traditional or Round ended styles and in a range of colours.

The ENGLISH WILLOW RAINBOW

by Eco Coffins

The round ended Rainbow coffin has been made by dyeing willow strands first and then weaving these into the shape. The rainbow symbolises hope, but with fifteen different colour choices available there is almost an infinite amount of combinations possible.

The SOMERSET WILLOW

by Somerset Willow

Somerset Willow provides a range of sustainably handcrafted willow coffins, handmade and finished in Somerset to order using locally sourced materials. A timeless and fitting tribute to a loved one, with an array of personal colour options, every coffin is unique. The Hill family of Somerset Willow have been hand-weaving willow baskets for over four generations. Heritage, innovation and craftsmanship form the foundation of the company's never-ending commitment.
