GREEN FUNERAL CHARGES - NOVEMBER 2024

THE PROFESSIONAL SERVICE

This includes making all necessary arrangements for cremation / burial, preparing and attending to all necessary documentation and the provision of a Funeral Director. The use of a private Chapel of Rest and the provision of a 24 hour service for the assistance of our clients.

THE VEHICLE CHARGE

Provision of a fully electric Nissan Leaf hearse up to 75 miles distance of our Haslemere office.

THE COFFIN CHARGE

The supply of a fully furnished Somerset Willow coffin with the options to personalise.

DISBURSEMENTS

These include, for example, church/clergy fees, and burial or cremation fees and are paid by us on your behalf. A detailed breakdown of these disbursements will be provided. Payment will be requested for these amounts prior to the funeral taking place.

ESTIMATE / ACCOUNT

At the time of making the funeral arrangements we will provide a written estimate showing as accurately as possible the total cost of the funeral including disbursements. An account will then be forwarded approximately 7 days after the funeral service; this will be sent to you, unless you instruct us to send it directly to your solicitor.

Whilst we believe the provision of a funeral to be a complete service, in accordance with the agreement between the National Association of Funeral Directors and the Office of Fair Trading we provide below a breakdown of our inclusive funeral charges.

Type	Professional Fees	Coffin	Collection, Care & Preparation of Deceased	Hearse & Bearers	Total	Out of hours Removal
FM Green	£1,695.00	£1,470.00	£620.00	£890.00	£4,675.00	£295.00

COMMITTAL OR PART SERVICE ON A SEPARATE DAY	£450.00 from
SATURDAY SUPPLEMENT ADDITIONAL CHARGE	£600.00 from
TAKE HOME OR INTO CHURCH OUT OF HOURS	£300.00 from
CARE OF DECEASED PER NIGHT (following excessive period over 5 weeks, due to NOK choice of date)	£20.00

Whilst we are not yet able to offer an eco-limousine, all our traditional funeral vehicles are euro 6 compliant and have stop-start technology to reduce our emissions. Green Funerals will always strive to be as green as practically possible.

The package offered is the greenest service we are able to recommend. This includes our professional services, care, and preparation of the deceased suitable for the chosen location, in hours collection within 50 miles of our office, use of our New Fully Electric Hearse and an English grown and handmade Somerset Willow coffin. We can also recommend various natural burial sites. However, some of these options may not suit everyone's wishes so we are able to tailor the Green Funeral Service to suit individual needs.
